The screenshot shows the Nvivo software interface. A dialog box titled "Auto Code by Speaker" is open. The dialog has a text input field for speaker names, a list of speakers with counts, and options for classification. An orange arrow points from a button in the background to the "Auto Code by Speaker" dialog.

Auto Code by Speaker

Enter the names of the speakers. These will become your cases

Type speaker names here...

Henry	10
Patricia	9
Richard	4

Create cases in

Background text: Interview with Richard and Patricia. Richard (aged 68) and Patricia live on Cedar Island, North Carolina. Q.1. Connection to Down East. Add 'Patricia' as a speaker. Tell me about yourselves and your connection to Down East. Patricia

Henry: What are some of your favorite things to do or experience Down East or in Cedar Island?

Patricia: Well, there's not much to do here really.

Richard: If you want a mess of seafood, like oysters, clams, crabs, you can get in your skiff and couple hours you'll have it and be back home. I mean, every now and then everyone will get together and we'll have a barbeque—something like that you know for the community building. Fish fry stuff like that, oyster roast. Q.2. Connection to Down East natural environment

Henry: What about the environment Down East, or the landscape Down East? Are there things that you particularly like or value about the environment down here?
